Note 1: The Customer notes that in some cases we will [not be able to deliver the ordered Service by the Installation Lead Times due to limitations imposed on us by Third Party or Incumbent Service Providers.

Note 2: Single orders requiring more than 20 numbers/Extensions or Users will take longer and Installation Lead Times will need to be quoted on a per order basis.

Note 3: Urgent orders can be accepted with a Rush Fee only if resources are available and at our discretion. Please see Master Price List for associated costs.

Note 4: Installation Lead Times are from the time a completed and signed order is received by Jet. If an order form is incomplete, incorrect or further information is subsequently required the installation lead time is push out until a new SOW is supplied.

Note 5: Hardware Lead Times are based on stock being held at Jet at the time of Order.

Reporting Services – Lead Times

The installation lead times are the targets that we use our best endeavours to adhere to, they commence on the signed date set out in the Order. All Lead Times are in Business Day.

Parameter	Response	Service Restoration
Interrupted Fault - Call Failure	30 minutes	4 Hours
Uninterrupted Fault - Call quality complaint	60 minutes	2 days
Enquiry - Product or feature enquiry / request for information on how the product works beyond supplied documentation	1 day	5 days

Telephone & Video Systems

Parameter	Response	Service Restoration
Interrupted Fault – Call Failure	30 minutes	4 Hours
Uninterrupted Fault – Call quality complaint	60 minutes	2 days
Enquiry – Product or feature enquiry / request for information on how the product works beyond supplied documentation	1 day	5 days

Telephone lines, Data & Video Networks

Parameter	Response	Service Restoration
Interrupted Fault – Call Failure	60 minutes	4 days
Uninterrupted Fault – Call quality complaint	60 minutes	2 days
Enquiry – Product or feature enquiry education about interpreting data – clients must have read all supplied material	1 day	5 days

IVR & Call Wrap Up

Parameter	Response	Service Restoration
Interrupted Fault – Hardware	30 minutes	5 days
Interrupted Fault – Hardware set up problem	30 minutes	5 days
Uninterrupted Fault – Call quality complaint	60 minutes	10 days
Enquiry – Product or feature enquiry / request for information on how the product works beyond supplied documentation	1 day	5 days

Interrupted Fault means a fault that renders a Service completely non-operational.

Uninterrupted Fault means a fault where the affected Service is degraded but still operational.

Planned Outage means a period of time as reasonably determined by Jet Interactive, that Jet Interactive may interrupt supply of the Service to the Customer for routine maintenance, upgrading or other similar activities, after giving the Customer reasonable prior notice.

Service Restoration means the elapsed time during Standard Service Hours:

- a. between the Customer reporting the fault to Jet Interactive and the restoration of the Service; or
- b. between Jet Interactive responding to an alarm on the Jet Interactive Network or an Attachment Access and the restoration of the Service.

Standard Service Hours means those hours between 8:30 am and 5:30 pm, Monday to Friday, Australian Eastern Standard Time.

Rebates

Rebates for failure to meet installation or modification lead times

Subject to the rebate exemptions listed below and in the event of an installation delay you will be entitled to claim a Rebate in accordance with the rates set out below.

<i>Installation & Modification Time Frames</i>		
	Installation Delay	Recurring Charge Rebate
Installation Targets as defined above or as otherwise agreed with you in writing	Up to 5 Business Days	1 months recurring Fee
	6 to 10 Business Days	2 months recurring Fee
	11 to 20 Business Days	3 months recurring Fee
	> 20 Business Days	4 months recurring Fee

The Rebates are calculated based on the monthly recurring Fee payable in respect of the affected Telecommunications Service only.

Rebate for Telephone Service

Subject to the Rebate exemptions listed below, in the event of a Telecommunications Service outage in any calendar month, You will be entitled to claim a Rebate in accordance with the rates set out below which are based on the duration of the outage.

Accumulated Outage on a Service (in a calendar month)	Rebate (% of previous month's Recurring Charge(s))
> 2 or < 4 hours	5%
> 4 or < 6 hours	10%
> 6 or < 12 hours	15%
> 12 hours	20%

An outage is calculated from the time that we receive a fault or trouble call from You to the time when that Service ceases to be unavailable, but does not include any downtime incurred as a result of or in the connection with equipment owned or controlled by You or the end user.

The rebates are calculated, based on the percentage of the preceding month's Recurring Charges relating to the affected Service only.

Without limiting the above, the actual end-to-end availability and performance of the Service may be affected by equipment provided by You, including, without limitation, by the type and quality of Your equipment. All equipment used by You to connect to our network must be approved by the ACMA proprietor prior to connection to our network.

Rebate exemptions

You will not be entitled to claim any Rebates:

- a. If we have not provided You with a written, unconditional Ready for Service Date;
- b. An Outage occurs in respect of any component of the Service on the phone line;
- c. And/or the Outage is due to a third party network;
- d. Planned Outage - means a period of time as reasonably determined by Jet Interactive, that Jet Interactive may interrupt supply of the Service to the Customer for routine maintenance, upgrading or other similar activities, after giving the customer reasonable prior notice.
