Google Play

NO NEED TO BUY A SECOND PHONE

Save on the cost of mobile devices by using Jet's app-driven Jet Cloud MobileTM to add a second mobile number to any smartphone.

1

2

NO STAFF CALLS FROM PERSONAL PHONES

Ensure that staff are not making business calls from their personal phone by giving them access to a business mobile phone via our app. Calls and SMS can then be tracked and kept compliant.

GAIN VISIBILITY OVER ALL CALLS AND SMS FROM STAFF MOBILES

Report on all phone calls coming in through your mobile numbers.

3

4

RETAIN MOBILE NUMBER IF STAFF LEAVE

Don't lose all contacts and calls whenever staff members leave or go on holidays. Simply divert the calls from that number to the rest of the team.

REMOTELY CONTROL MOBILE NUMBERS FROM JET PORTAL

Change call routes, voicemail and diversions on all mobile numbers straight from the Jet portal.
